

Elmira District Rod & Gun Club - P.O. Box 241 Elmira Ontario N3B 2Z6 - (519) 699-2047

CLUB NEWS:

Range Inspection

Happy New Year to all Members, things are already off to a great start with the range inspection passing with flying colors December 20th. Inspectors raised only a few issues as follows:

- Members are now asked to sign the guestbook with *first names and key numbers only*
- Air rifle range has been limited to 500FPS (feet per second)
- Signs will be posted at outdoor ranges to indicate which targets each lane is designated to shoot at and to remind shooters of the potential presence of lead
- Members are reminded that no food or drink is to be consumed at the ranges

Kitchen Relocation

Spring is coming! After much debate it has been decided to move the Kitchen from the front of the building into the bar area in preparation for this year's activities. This will be no small undertaking and as such the club is looking for volunteers willing to pitch in and help out; stay tuned for future announcements.

MEETING HIGHLIGHTS:

Three new members were successfully voted in (welcome!) to the Rod & Gun Club. A reminder to all new members; you must attend a mandatory range walkthrough before being given access to our facilities.

Seven new applications for membership were received. Applicants are reminded to bring a Police Records Check with them to their second meeting before their applications will be voted on.

2010's first Work Party has been scheduled, additional dates will follow. Members are encouraged to participate in order to help keep club dues low and facility quality high.

Drinks are being taken from the fridge without being replaced or paid for. Members are asked to ensure they *pay for beverages after taking them*, if this doesn't happen privileges like the Beer Fridge will no longer be available.
